

## **Levels of Service Available to Ministers & Ministries**

**Rationale for Service Levels:** Services of the Unity Worldwide Ministries-Great Lake Region are available to **all** the ministries in the region by virtue of being a part of the region. In recognition of the differences in size and financial status of these ministries, it is our intention to provide access to these services without undue financial burden.

**Level 1 services** answers the question for the minister/ministry, “**Who is my go to person in the Region?**” These services are financially supported by the Region and provided by the Regional Representative. And does NOT include services typically provided by a “consultant” who has been certified as such by UWM.

**Position: Regional Representative (RR)**

**Purpose:** The purpose of this position is to assist in maintaining the health of ministries within the region through mentoring, and providing a pastoral presence for ministers and ministries.

**Funded by: UWM-GLR**

**Level 2 Services** are for a ministry in need of a greater level of support. It will be the responsibility of the Regional Representative to refer the minister/ministry to Consultants who are trained and certified by UWM to provide such services.

**Position: UWM Consultant**

**Purpose:** The purpose of this position is to assist ministries in conflict, trauma, or other situations requiring a high level of training and supervision to resolve.

**Funded by:** UWM-GLR will maintain dedicated funds to support ministries in accessing Level 2 services in the form of matching grants. Ministries seeking Level 2 Services will be encouraged to apply for these funds and be supported in that process by the Regional Representative.
