KEYNOTE SPEAKERS: Rev. Kelly Kincaid & Dennis Muzzi from Braver Angels on DEI and Ethics

Rev. Kelly Kincaid is the Senior Minister of Unity of Farmington Hills, in Farmington Hills, MI. She is passionate about her relationship with God and about learning, teaching, and living according to the teachings of Jesus and Truth principles. She refers to Truth principles in her Critical Conversations group, which she started five years ago, after the murder of George Floyd to discuss the unjust, unequal, and unloving aspects in the environment of our country. She says that she's not about the politics, but the "heartitics" because it is through the heart that we can create real change. Throughout the years, she has been progressively introducing a broader perspective through films, field trips, fundraisers and workshops to introduce a de-escalation of polarizing influences.

Building Stronger Unity In Your Spiritual Community

In this session, Rev. Kelly Kincaid and Dennis Muzzi will share ideas on how to cultivate more closeness, understanding, awareness and unity within your spiritual community and how to disagree better and become intentional agents of healing and change in the world, individually and as a group, using Unity and Braver Angels Principles.

Jim Blake, CEO UWH; Rev. Roxanne Graves, CEO, UWM; Rev. Valerie Mansfield, UWM Board President
