

Board Message Cont'd

Blessed to be Together

Our 2025 Conference “Better Together” is now a glorious memory. On behalf of the entire GLR Board you can be certain our hearts are filled with gratitude at its success. The region has demonstrated itself as a presence in the Unity movement like never before.

Inspired participation by our acclaimed presenters to ministers, spiritual leaders, LUTs, church board members both in person and online, together with Unity Worldwide Headquarters and Ministry leadership, we all showed up.

Hard work and endless preparation by the GLR board and staff proved to be worth the experience we all shared in the moment of now that Unity prides itself knowing as the only expression in our collective understanding of Truth.

The feedback supports this claim.

“It was a life-changing experience to see just how the process worked, and it gives me hope for the future” Suz, Board Trustee, Unity of Anderson Indiana, after the Wednesday session with UWH/UWM leaders.

“This is a game changer for me” after heart coherence with Rev. David McArthur.

“Beautiful, beautiful, beautiful”

“I really appreciated seeing the info boards with 2026 initiatives” Rev. Sharon Ketchum.

If you were unable to be a part of this year’s celebration, we sincerely hope that next year will be different. We have already begun planning an even bigger conference in the absence of a Unity Conference in Kansas City.
