

Silent Unity's Prayer

*Let us take a deep breath, allowing our bodies to settle,
our minds to clear and our hearts to open in this time in prayer.*

Living, loving Spirit, through which we move and have our being,

*We pause in this moment to remember that we are One.
One in Spirit, One in purpose,
One in the great calling to serve the awakening of humanity.*

*As we move forward in this sacred work of reunification, we open our hearts and minds to divine wisdom.
We trust that the same Spirit that called Unity into being continues to guide us now - gently, clearly, and faithfully.*

*We bless every person who has brought us to this moment, past and present.
We bless every voice in the conversation - heard and yet-to-be-heard.
We bless this process, knowing it unfolds in divine right order.*

*May we meet one another with courage and compassion.
May we listen deeply and speak truthfully.
May we honor the legacy we inherit, even as we co-create what comes next.*

*We affirm now:
There is only One Presence and One Power
active in this process,
in our Unity movement,
and in each of us - God the Good, Omnipotent.*

We give thanks. We move forward in faith.

And so it is. Amen.
